

Law Enforcement Requests for Google

(For all Google products and services including Gmail, AdWords, Checkout, Orkut, YouTube, etc.)

For International Law Enforcement Only:

The information you have requested is collected and maintained by Google Inc., a US company. As such, we ask that your request be directed to Google Inc. and through the proper legal channel. You may direct further communications to Google Inc. at 1600 Amphitheatre Parkway, Mountain View, California, 94043, US, Fax: +1 650-469-0622, or by email at lis-global@google.com.

It is Google's policy to require formal legal process in accordance with U.S. law for disclosure of information related to any of our users. That said, we also cooperate with law enforcement investigations in other countries where valid legal process for disclosure of information is provided and such disclosure can be made in compliance with U.S. laws.

Towards that end, for basic subscriber information (registration page and recent IP logs) we may accept an Order or Warrant signed by a judge or magistrate in your jurisdiction, or other valid and authenticated legal process. Please forward such process addressed to Google Inc. at the address and/or facsimile number provided above for evaluation.

Content requests issued from a non-US government, we understand that such requests should be made in accordance with the Mutual Legal Assistance Treaty (MLAT) or the letters rogatory process. We are not able to provide you with the specific requirements in your jurisdiction, but encourage you to contact counsel for guidance in this process.
