RE:

- RCMP response

Thanks,

will update the ROD from the One Vision meeting that took place end of Aug.

As an aside, I had a discussion with Scott Doran after the One Vision workshop today re: getting RCMP sign-off / concurrence on our One Vision strat meeting RODs (we have several in the hamper including three that include TRA deconfliction). Doran indicated that they are leaning toward receiving them and keeping a copy in RCMP FPCO holdings –

Doran will get back to me early next week on the preferred method of getting these over to them. I'm hoping to get this settled as it has been up in the air for several weeks despite several follow-up discussions with FPCO.

---

RE:

- RCMP response

All,

FYI (and for official record), I received a call from Steve Nordstrom earlier this afternoon.

He informed me that the RCMP were supportive of our TRA plan with respect to

– Will you please ensure that this record of decision gets placed on the appropriate file?

Thanks

RE: - RCMP response

RE: - RCMP response

Just met with RCMP again this am (Peter Ryan). Told him that I need a response asap or this would be bumped up to ADO.

I anticipate before the end of the week.

– If this doesn't get resolved before end of this week, I may need you to follow up with RCMP next week in my absence.

---

- RCMP response

if you haven't heard back from the RCMP on this, I wonder if it is time to kick it up a bit higher.

ADO is keen to make sure the responses from outside agencies on this are timely. I would be happy for you or me to communicate that to FPCO (although I know it is not them holding this up – they are our interlocutors on this). Failing this providing a response, I'll kick it up to ADO to have a chat with his relevant counterpart. A week is too long for them to be making up their minds.

Once you sign off, I

Note that this is the first RoD of a One Vision strategic meeting which includes TRA deconfliction. Under the TRA approval process, is charged with preparing the RoD regarding deconfliction with the RCMP. Since we are using the One Vision framework as the umbrella under which TRA deconfliction will occur (as appropriate), the format is the same as the One Vision RoDs you may already have seen.

If you have any changes to suggest, please cc as she will make them tomorrow before I send to RCMP.

– I'm cc'ing you so you can have a look at the format. Your feedback is welcome. Once we have the template finalized, we will use same for all future One Vision RoDs. Those that do not have a TRA deconfliction component will just say 'N/A' in that field.
